31 October 1944

SUBJECT: Leyte Communications.

TO : Major General B. VALDES, Philippine Commonwealth  
Government, Tacloban, Leyte.

1. In conversation with Mr GLICIRIO QULSUMBING I would like to recommend the following course of action in order to re-establish signal communications at the earliest practical date.

2. The existing conditions of equipment and materials between Tacloban and Palo is such that a great deal of it could be saved by obtaining from the U. S. Army relatively minor quantity of material.

3. As the campaign progresses, major equipment may be requisitioned in bulk, and upon Mr QULSUMBING's recommendations and our own signal office, necessary equipment may be obtained for larger areas.

4. In all cases requisitions for the above mentioned supplies will be made from the Commonwealth Government to the Signal Officer, GHQ, ( Major General S. B. AKIN).

5. Should I be able to assist you further, I will be only to glad to do so.
